100 Women in Hedge Funds Introduction in Paris

April 1, 2008 at 7 PM
Paris

No fooling or Poisson d'Avril!

100 Women in Hedge Funds is hosting an informal networking event in Paris on April 1, 2008. This first event in Paris will be informal, without a guest speaker or specific agenda -- other than to gather senior alternative investment management professionals to discuss candidates for a local Executive Committee and to determine which of the three 100 Women in Hedge Funds initiatives -- education, mentoring, philanthropy -- have the most appeal for local practitioners.

Please join us even if for a short time, to contribute to this important discussion. Women in Hong Kong, Geneva and especially London, have leveraged the resources of this 8,000+ member organization to make a difference in their personal and professional lives and in their communities.
