

## Robert C. Doll, Vice Chairman, BlackRock, on the Current Investment Outlook

May 5, 2010 at 6 PM  
New York

### A View from the Top: Looking for the Winners and Beyond

As Vice Chairman and Global Equity Strategist for Fundamental Equities at BlackRock (1), Robert C. Doll views the US equities market in recovery, and driven by improved earnings.

In his view, US companies intent on growth may take the M&A route to expand, given the modest 3% increase he projects for the general economy. Healthcare, IT and telecom stocks are Doll's favorite picks for performance.

Do you agree? Join us as Doll shares his view of the current investment outlook, focusing on US large cap stocks, among other sectors.
