## Biographies

### **Rosemary Livingstone, RL Flower Designs**

Rosemary Livingstone is inspired by life. Absorbing the world around her, she uses the inspiration of art and fashion combined with the dramatic lines of architecture to create unique floral designs.

This fusion of ideas and her passion for using flowers as an art form has resulted in a reputation that sees her sought after for her unique style. Bringing new ideas to celebrity parties, five star hotels, weddings, corporate and private clients her face is now a familiar sight amongst the London designers.

Heading a team of florists at her shop in York Street, RL Flower Designs started to introduce the concept of 'having fun with flowers' to small groups. In addition to the scheduled courses and private classes, it soon became apparent there was demand to take these sessions into corporate premises and groups directly. Putting aside all the traditions of flower schools the emphasis of these sessions is very much focused on relaxation, socialising and learning new techniques to create ideas with flowers to enhance a lifestyle.

Rosemary's celebrity clients include Madonna, Elton John, Pierce Brosnan, Roger Moore and Jerry Hall. Her corporate clients include Claridges, Sony, Warner Films, Estee Lauder, Mossimans and Home House.
