About IFIT Fund Services AG

IFIT Fund Services AG specialises in fund administration and set-up. Operating out of Zurich we administer over 50 funds and our FuA have doubled in the last 18 months due to powerful word-of-mouth marketing. Launched just three years ago, we quickly found that our customers wanted structuring advice and so began providing off-the-shelf solutions for individual funds. This led to the launch of our Cayman umbrella structures where sub-funds are legally separated and costs shared. With highly qualified staff as ideal contact partners, we pride ourselves on being efficient, fast and fairly-priced administrators.

The idea for IFIT Fund Services was borne of the frustration and cost of dealing with big-name administrators on behalf of funds which our mother company, IFIT AG (Institute for Innovative Trading), had seeded. IFIT has its roots in the design and application of complex financial trading programmes. From their pleasant site above the University, they run a cluster of businesses including high-frequency trading engines, risk management/reporting, and a fund habitat with business and infrastructure for new funds.

Close to your and your business, IFIT Fund Services takes the stress out of fund set-up and administration.
