**Education Session No. 437:  
Annual Multi-Platform Forecasts**

December 9, 2013 at 5:15 PM  
Toronto

Time to look into the crystal ball and predict the state of the market! Specialists from across inter-connected market sectors will discuss their 2014 forecasts; together they will provide components for a macro-model view. Join us as we toast the promise of the New Year with holiday cocktails and conversations, and celebrate the season with members of 100WHF.

As a way to give back, we ask for donations of items suitable for young families -- diapers, baby care items (bottles, wipes, formula), toiletries and gift certificates -- to be given to The Massey Centre for Women. This Toronto-based centre provides a comprehensive range of programs and services for families and babies, with a focus on pregnant and parenting teens.

Feel free to share this event with your colleagues who may be interested in learning more about 100WHF.
