**About WellChild** ([www.wellchild.org.uk](http://www.wellchild.org.uk))

WellChild provide essential practical and emotional support for seriously ill children, young people and those who care for them across the UK to ensure they receive the best possible quality of care.

Every parent knows that caring for a sick child is hard. Caring for a child with a serious illness of life-threatening condition is a physical, financial and emotional struggle. Sometimes hospital stays are essential, but many seriously sick children could be cared for at home, if their families had the specialist support they needed. The WellChild Children's Nurse programme provides a vital service to families of children and young people with long-term complex health needs. With their support children are able to leave hospital and return home whenever possible. Our ambition is to extend this vital service countrywide.
