Board Match Nonprofit Boards Candidate Placement Event

June 8th, 2016 at 6:00 PM

New York

100WHF's US Nonprofit Boards initiative has partnered with Board Match on two successful San Francisco events and invites interested candidates to attend Board Match's New York event on June 8th. Whether or not you attend the Board Match event, if interested in serving on a nonprofit board, please complete the [100WHF US Nonprofit Board questionnaire](#) to be included in board searches and to be invited to selective and complimentary board education/training, networking and VIP events.

At the June 8th Board Match event, board members at more than 100 nonprofit organizations want to make a match among 1,000 professionals who seek to serve on boards. With your passion, financial, operations and marketing expertise, you can affect and influence local nonprofits in better serving the community. Find your perfect nonprofit by attending the first annual east coast Board Match conference.

Registered attendees will receive a list of participating nonprofits prior to the event, so you can identify the organizations of greatest interest. Check in and spend time with your peers at the 100WHF table in the exhibit hall and to pick up a sticker so we can locate each other in the large and crowded room. Invite your own group of peers and attend together or on your own.

Board service is for anyone, whether you're just starting out, a mid-career professional, or a seasoned philanthropist, there is a nonprofit that will value your talents. Serving on a nonprofit board can provide fantastic opportunities for your personal and professional development. Build new skills, network, broaden your knowledge of the community, and provide essential expertise to community nonprofits.

(http://www.100womeninhedgefunds.org/pages/committees_boards.php)

100 Women in Hedge Funds' Women on Boards initiative is a direct result of discussions with our members and also a reflection of our Industry's growing efforts to include more women on Corporate/For Profit and Nonprofit Boards, consistent with their Board-relevant expertise and professional experience in key areas as finance, audit, governance, distribution, legal and operational matters.

100WHF efforts include a membership survey that forms the basis of our proprietary database of 100WHF qualified candidates. In addition, we are collaborating with key players within the industry to continue to provide our members with relevant training and connections to be nominated to serve on Boards.
